INJURY International Journal of the Care of the Injured

INDEX TO VOLUME 24 1993

SUBJECT INDEX

abdomen
  shotgun trauma, laparotomy, latissimus dorsi flap, 639
  hip fractures, 691
abdominal bull-gore injuries
  selective conservatism, 337
abdominal trauma
  CT scan, 541
accident care
  audit, pedestrian, 435
accidental discharge
  replica hand guns, 195
acetabular fractures
  early surgery, 171
  surgical treatment, 319
Achilles tendon
  early mobilization, operative repair, 479
Acinetobacter sp. osteomyelitis
  femur, contamination, 345
aculsed scalp
  artery replantation, 488
acute onset
  meralgia paraesthetica, superior iliac spine fracture, 569
adult trauma patients
  preoperative investigations, anaesthetic management, 17
Aeromonas hydrophila
  wound infection, water immersion, football, 633
aetiology
  femoral neck fracture, pertrochanteric fracture, 692
aggressive care
  elderly patients, multiple trauma, 365
algodystrophy
  osteoporosis, tibial fractures, 411
aluminium sellotape
  metal detector, cast windowing, 499
amputation
  brachial plexus injury, 603
amputees
  red cross, 607
anaesthetic management
  preoperative investigations, adult trauma patients, 17
ankle fractures
  elderly patients, MUA, ORIF, 116
  plaster backslabs, 121
  plaster splintage, internal fixation, 529
AO classification
  bone fractures, 309
AO dynamic condylar screw
  subtrochanteric fractures, operative treatment, 90
AO minifragment screws
  metacarpal fracture, phalangeal fracture, 166
AO unreamed tibial nail
  tibial fractures, 407
AO/ASIF classification
  interobserver variation, bone fractures, 163
AO/ASIF cortex screw
  cortical bone, computer tomography, X-ray absorptiometry, 656
arterialized venous flap
  finger injury, 67
artery replantation
  aculsed scalp, 488
arthroscopy
  lymphocele of the thigh, tourniquet application, 421
articulated distraction
  intra-articular fractures, distal tibia, limited internal fixation, 37
assessment
  Injury Severity System, resuscitation, 333
  neurosurgical referrals, 369
  hospital stay, femoral neck fracture, 464
  stretcher, support surface, 660
athletes
  meniscal tears, cruciate ligament lesions, 557
atlanto-axial joint
  post-traumatic ligamentous instability, Brooks fusion, Gallie fusion, 126
atlas
  dislocation, occiput, mediastinum, 424
atrial tear
  blunt cardiac trauma, 623
Auckland hospital
  severe blunt assault injuries, 25
audit
  tibial fractures, 85
  pedestrian, accident care, 435
autosuture surgiport
  pleural drain, 538
axillary artery thrombosis dissolution
  intra-arterial streptokinase, 212
balloon angioplasty catheters
  endovascular tamponade, vascular trauma, 355
Beau lines
  supracondylar fracture, Dunlop traction, 637
benign injury
  sternal fracture, 501
bicep tendon
  Seidel humeral locking nail, locking screws, circumflex nerve, 175
biodegradable fabric
  solid organ injury, 585
biomechanical factors
  patient selection, radiography, head injury, 471
blast injury
  musgrave park hospital, terrorist bomb, 219
blood
  caveat surgeon, viral infections, hiv, 511
blood loss
  sacroiliac fracture, hypovolaemic shock, 199
blood transfusion
  injured patients, 507
blood transfusions
  helicopter emergency medical services, safety, 509
blunt cardiac trauma
  atrial tear, 623
blunt trauma
  gastric rupture, 65
  gastroduodenal artery, right gastric artery, 225
bone defects
  free fibular graft, 551
bone fractures
  AO classification, 309
bone fractures
  interobserver variation, AO/ASIF classification, 163
bone graft
  scapula spine fracture, plate fixation, 428
brachial plexus injury
  amputation, 603
brachial plexus trauma
  subclavian artery trauma, 377
Brooks fusion
  post-traumatic ligamentous instability, atlanto-axial joint, Gallie fusion, 126
burns
  children, casualty officers' assessment, 187
calcaneal fracture
  lateral malleolus, talar tilt, 109
calcaneocuboid dislocation
  ehlers-danlos syndrome, 274
calcaneum
  toddler's fracture, 169
calcaneus
  intra-articular, peroneus longus tendon, 270
callus cartilage
  vessel-like structures, 555
calvicle
  inferior dislocation, 210
camel bite
  shoulder mutilation, 686
cardiac injury
  tuberculous pericardial disease, penetrating chest injury, 132
carpal instability
  scaphoid fracture, 257
carpometacarpal joint
  metacarpophalangeal joint, thumb, 342
cast windowing
  metal detector, aluminium sellotape, 499
casualty officers' assessment
  burns, children, 187
caveat surgeon
  blook, viral infections, HIV, 511
cemented hemiarthroplasties
  mortality, morbidity, uncemented hemiarthroplasties, 185
cervical collars
  head-injured patient, 454
cervical cord injury
  lap-style seat belt, child, 209
cervical disc disease
  whiplash injury, 549
cervical fracture

occipitocervical fixation, 625
cervical nerve root injury
operative decompression, 341
cervical spine
lateral instability, 266
chest injuries
computerized tomography, 182
chest injury
vigilance, 688
muscle rupture, 690
chest trauma
thyroid storm, 422
child
lap-style seat belt, cervical cord injury, 209
radial nerve entrapment, radial fracture, 426
scaphoid, fractured capitate, 496
children
spinal cord injury, 83
burns, casualty officers' assessment, 187
k-wire fixation, humeral fractures, 179
paediatric orthopaedic trauma, weather, 247
paediatric trauma, developing world, 291
urological injuries, polytrauma, 619
Chinese infant
subdural haematoma, factor XII deficiency, 202
circumflex nerve
Seidel humeral locking nail, locking screws, bicep tendon, 175
classification
treatment, volar Barton fractures, 55
clinical examination substitute
knee radiographs, 383
closed intramedullary nailing
plastic medullary tube, 136
coagulopathy
hepatic trauma, intra-abdominal abscess, 303
Colles' fracture
median nerve, 339
midazolam sedation, 461
colostomy
trauma surgery, 595
colostomy closure
morbidity, trauma patients, 438
complications
sternal fracture, 113
computer tomography
occipital condyle fracture, 419
AO/ASIF cortex screw, cortical bone, x-ray absorptiometry, 656
computerized tomography
chest injuries, 182
glass foreign bodies, ultrasonography, confirmation, 493
confirmation
glass foreign bodies, computerized tomography, ultrasonography, 493
contamination
Acinetobacter sp. osteomyelitis, femur, 345
cortical bone
AO/ASIF cortex screw, computer tomography, X-ray absorptiometry, 656
cricket
gastrocnemius tendon, 640
cross-matching policy
femur fractures, 521
cruciate ligament lesions
meniscal tears, athletes, 557
cruciate reconstruction
patellar tendon, 385
CT scan
abdominal trauma, 541
cytokine response
multiple injury, 373
developing world
paediatric trauma, children, 291
dexamethasone
spinal cord injury, 457
disassembly prevention
Pugh nail-plate, 177
dislocation
testicle, trauma, 129
dislocation
interphalangeal joint, finger, 138
glenohumeral joint, torsion, humerus, 329
atlas, occiput, mediastinum, 424
hyperextension, spine, 674
distal locking made easier
fibia, tibia, 214
distal locking screws
femoral nailing, 101
distal screws
interlocking intramedullary nails, 357
distal tibia
intra-articular fractures, limited internal fixation, articulated distraction, 37
dorsal spine
late deformity, 389
double pursestring technique
polyglycolic acid mesh, renal trauma, 158
drainage
liposuction, haematoma, 61
Dunlop traction
beau lines, supracondylar fracture, 637
early decompression
magnetic resonance imaging, spinal injuries, 149
early mobilization
operative repair, Achilles tendon, 479
early surgery
acetabular fractures, 171
Ehlers-Danlos syndrome
calcaneocuboid dislocation, 274
elderly patients
ankle fractures, MUA, ORIF, 116
preoperative traction, hip fractures, skin traction, 317
multiple trauma, aggressive care, 365
endovascular tamponade
balloon angioplasty catheters, vascular trauma, 355
explosive injuries
Gulf War, Kuwait, 517
external fixation
tibial fractures, 46
femoral fractures, 476
pin placement, pelvis, 581
external fixator
metacarpal fractures, phalangeal fracture, 635
external pin placement
forearm, 535
factor XII deficiency
subdural haematoma, Chinese infant, 202
fasciotomy wounds
vessel loop shoelace, 565
femoral component head size
hemi-arthroplasty, 231
femoral fracture
sliding hip screw, 694
femoral fractures
quadricepsplasty, 104
external fixation, 476
muscle function, plates, nailes, 531
femoral nailing
hip abductor function, peritrochanteric heterotopic ossification, 97
distal locking screws, 101
femoral neck
ipsilateral concomitant fracture, femoral shaft, 342
optimal screw position, migration ratio, 393
femoral neck fracture
hospital stay, assessment, 464
petrochanteric fracture, aetiology, 692
femoral nerve palsy
subperiosteal haematoma, 62
femoral shaft
ipsilateral concomitant fractures, femoral neck, 243
femur
intertrochanteric fractures, implant, 35
subtrochanteric fractures, Zickel nail, 93
Acinetobacter sp. osteomyelitis, contamination, 345
hydroxyapatite-coated hemiarthroplasty, subcapital fractures, 236
femur fracture
internal fixation, ipsilateral osteoarthritis, hip, 571
femur fractures
cross-matching policy, 521
fence stake
spinal cord, neurological deficit, 491
fibia
distal locking made easier, tibia, 214
finger
interphalangeal joint, dislocation, 138
finger injury
arterialized venous flap, 67
finger joint
septic arthritis, inflammation, loss of movement, 32
football
jejunal perforation, 64
tibial epiphyseal injury, 568
Aeromonas hydrophila, wound infection, water immersion, 633
forearm
external pin placement, 535
fracture clinics
women, osteoporosis, 441
fracture dislocations
spinal cord, 347
fractured capitate
scaphoid, child, 496
fractures
non-union, medial cuneiform, 207
motorcycle road-racers, Isle of Man, soft tissue injury, head injury, 443
free fibular graft
bone defects, 551
Gallie fusion
post-traumatic ligamentous instability, atlanto-axial joint, Brooks fusion, 126
garden grading
intracapsular fractures, 241
gastric rupture
blunt trauma, 65
gastrocnemius tendon
cricket, 640
gastroduodenal artery
right gastric artery, blunt trauma, 225
glass foreign bodies
computerized tomography, ultrasonography, confirmation, 493
glenohumeral joint
dislocation, torsion, humerus, 329
glenoid
intra-articular fracture, open reduction, internal fixation, 130
glenoid fractures
Rowe's scoring system, 324
Gulf War
explosive injuries, Kuwait, 517
Gulf War wounds
Red Cross wound classification, 597
gunpowder injury
intralenticular gunpowder, 197
gunpowder
traumatic facial tattoos, 227
haemnatoma
liposuction, drainage, 61
hamate
intra-articular fractures, 272
head injury
biomechanical factors, patient selection, radiography, 471
motorcycle road-racers, Isle of Man, soft tissue injury, fractures, 443
helicopter mountain rescue, multiple injuries, Switzerland, 451
head-injured patient

cervical collars, 454
heart injuries, 545
helicopter emergency medical services
blood transfusions, safety, 509
prehospital surgical airway management, 222
helicopter mountain rescue
head injury, multiple injuries, Switzerland, 451
helicopter transfer
trauma patients, Isle of Man, 447
hemi-arthroplasty
femoral component head size, 231
hemiarthroplasty
hip, surgical approaches, 611
hepatic trauma
intra-abdominal abscess, coagulopathy, 303
hernia
trauma, 678
hip
internal fixation, femur fracture, ipsilateral osteoarthritis, 571
hemiarthroplasty, surgical approaches, 611
hip abductor function
peritrochanteric heterotopic ossification, femoral nailing, 97
hip dislocation without fracture
traction, mobilization, 27
hip fractures
treatment, ipsilateral femoral shaft fractures, 41
preoperative traction, skin traction, elderly patients, 317
abdomen, 691
HIV
caveat surgeon, blood, viral infections, 511
hospital stay
femoral neck fracture, assessment, 464
humeral fracture
intramedullary nailing, 403
humeral fractures
k-wire fixation, children, 179
humerus
glenohumeral joint, dislocation, torsion, 329
supracondylar fracture, 416
supracondylar fractures, 249
hydroxyapatite-coated hemiarthroplasty
subcapital fractures, femur, 236
hyper-extension
hypoglossal nerve plasy, neck injury, 133
hyperextension
dislocation, spine, 674
hypoglossal nerve plasy
hyper-extension, neck injury, 133
hyponatraemia
spine, 671
hypovolaemic shock
sacroiliac fracture, blood loss, 199
iliac wing fracture
small bowel entrapment, 627
Ilizarov external fixator
vascular injury, 135
impairment scores
type III, tibial fractures, 161
implant
intertrochanteric fractures, femur, 35
inferior dislocation
clavicle, 210
inflammation
septic arthritis, finger joint, loss of movement, 32
injured patients
blood transfusion, 507
injury severity score
multitrauma patients, scoring systems, polytrauma schlusel, 13
Injury Severity System
resuscitation, assessment, 333
instability
neck injuries, 353
intact fibula
tibial shaft fractures, 591
interlocking intramedullary nails
distal screws, 357
interlocking screw length
intramedullary nailing, 137
internal fixation
intra-articular fracture, glenoid, open reduction, 130
os calcis fractures, 263
femur fracture, ipsilateral osteoarthritis, hip, 571
plaster splintage, ankle fractures, 529
internal fixation plate
removal indication, 204
interobserver variation
AO/ASIF classification, bone fractures, 163
interphalangeal joint
dislocation, finger, 138
sesamoid dislocation, toe, 198
intertrochanteric fractures
femur, implant, 35
intertrochanteric fracture
vascular injury, 350
intra-abdominal abscess
hepatic trauma, coagulopathy, 303
intra-arterial streptokinase
axillary artery thrombosis dissolution, 212
intra-articular fracture
glenoid, open reduction, internal fixation, 130
calcaneus, peroneus longus tendon, 270
intra-articular fractures
distal tibia, limited internal fixation, articulated distraction, 37
hamate, 272
intra-articular migration
trochanteric wires, 201
intracapsular fractures
garden grading, 241
intralenticular gunpowder
gunpowder injury, 197
intramedullary implant
reversed gamma-nail, 253
intramedullary nailing
interlocking screw length, 137
humeral fracture, 403
ionizing radiation
trauma surgeons, 562
ipsilateral concomitant fractures
femoral neck, femoral shaft, 243
ipsilateral femoral shaft fractures
treatment, hip fractures, 41
ipsilateral fracture
penis, 685
ipsilateral osteoarthritis
internal fixation, femur fracture, hip, 571
Isle of Man
motorcycle road-racers, soft tissue injury, head injury, fractures, 443
helicopter transfer, trauma patients, 447
jaywalking
